

Denys Rosokha

Junior Project Manager

+4916095470041
rosokha.denys@gmail.com
60326 Frankfurt am Main

Founder-minded Project Manager with 2.5+ years of hands-on experience launching, running and scaling operations in fast-growing German businesses. Took an installation business from 1 test crew to 5 crews, secured 3 B2B partnerships, coordinated delivery of a ~€1.5M construction project and 200+ customer orders. Builds practical AI automations: designed a ChatGPT-based lead-to-proposal workflow for his own company. Completed IT Project Management training (SDLC, Agile/Scrum, Jira). Now bringing an ownership mindset, structure and execution speed into digital product teams. Fluent in German and English; native Ukrainian and Russian.

KEY ACHIEVEMENTS

- **Scaled from zero:** grew operations from 1 test crew to 5 crews (~10 installers) and built a network of 3 crews across 3 German regions.
- **Won B2B partners:** secured cooperation with 3 German solar companies after a successful test period; supported commercial projects above 1 MW.
- **Delivered at scale:** coordinated delivery of a ~€1.5M construction project with 2 junior PMs, 4 crews (~20 workers) and a technical foreman.
- **Automated with AI:** designed a semi-automated lead-to-proposal workflow (ChatGPT + Google Sheets + Gmail) that cut repetitive proposal work and sped up sales follow-up.

Work experience

Founder | Operations & Project Management February 2026 Ryntovt UG, Frankfurt am Main

- Founded and run a B2C/B2B installation business in Germany; own the end-to-end flow from lead intake and proposal to scheduling, delivery, documentation and customer handover.
- Built and manage a distributed network of 3 independent installation crews across 3 German regions; coordinated 200+ private installation orders.
- Manage suppliers and subcontractors: capacity planning, scheduling, dependencies and quality of delivery.
- Designed and implemented a semi-automated lead-to-proposal workflow with ChatGPT, Google Sheets and Gmail, reducing manual proposal preparation and enabling faster sales follow-up (see AI project below).

Project Manager August 2025 Smartbau Technologie GmbH, Frankfurt am Main February 2026

- Coordinated project delivery together with 2 junior Project Managers, 4 crews (~20 site workers) and a technical foreman in complex construction and data-centre environments.
- Drove delivery of a construction project with an overall budget of ~€1.5M, from planning and site preparation through progress tracking and handover.
- Single point of contact for the client: communication, deliveries, work permits, change requests and progress reporting; aligned planners, suppliers and external workstreams.
- Ran daily operational planning and resource allocation; supported estimates, man-hour tracking and documentation of additional project costs (change management).

Skills

Project planning, scheduling, resource & capacity planning, stakeholder management, risk mitigation, change management, budget tracking, progress reporting

Delivery & ways of working: Agile / Scrum fundamentals, SDLC, requirements, vendor & partner management, process improvement

AI: AI workflow design, prompt-based automation of business processes

Languages

English (advanced)
German (advanced)
Ukrainian (native)
Russian (native)

Founding Operations Partner | Project Coordination

March 2024

July 2025

Renewable Energy Business, Germany

- Part of the founding team: supported the launch and operational growth of an installation business for private and commercial customers.
- Owned project intake, installation scheduling, crew capacity and customer handovers, scaling operations from 1 test crew to 5 crews (~10 installers).
- Managed B2B communication and secured cooperation with 3 German solar companies after a successful test period; supported commercial solar projects above 1 MW.

AI & Automation Project

AI-supported Lead-to-Proposal Workflow | - ChatGPT, Google Sheets, Gmail

- **Problem:** manual proposal preparation took time away from sales and slowed down follow-up with new leads.
- **Solution:** designed a semi-automated workflow: leads structured in Google Sheets, proposal drafts generated with ChatGPT, follow-ups sent via Gmail.
- **Result:** less repetitive work, faster proposal preparation and sales follow-up.

Education

Bachelor's Degree in Management — Polish-Ukrainian Joint Programme

October 2026

Interregional Academy of Personnel Management (IAPM)
& Wyższa Szkoła Nauk Społecznych i Bezpieczeństwa w Łodzi, Kharkiv, Ukraine / Łódź, Poland

Polish-Ukrainian joint Bachelor's programme in Management delivered in cooperation between IAPM and Wyższa Szkoła Nauk Społecznych i Bezpieczeństwa w Łodzi.

IT Project Management Course

September 2026

WOW PM

Project lifecycle, SDLC, Agile & Scrum, requirements, estimation, budgeting, risk management, stakeholder management, Jira, project reporting.
